

Improver-Intermediate 10 week cycle

"Dancers essential course"- on Sundays, starting **15th Jan** (La Tasca) **7.30-8.25pm**.

This cycle is for non-beginner dancers (improver-advanced) where absolutely essential traditional elements are taught with up to date technique. The course is carefully constructed to include the elements the dancer needs for social dancing: *changes of weight, rebounds, turns, technique for functional and comfortable close embrace, traditional tango moves, musicality, dynamics, milonga, waltz.*

We recommend for students to do this cycle at least twice for their own benefit even if they are advanced.

The price for the full course is £50 paid on the first day of the course or £6 per class. The number of the followers and leaders are limited so we recommend reserving your place in advance by sending us an e-mail on tangomanchester@googlemail.com
