University of Manchester

Exemption agreement

The accredited degree courses shown below can allow students from the University of Manchester to obtain the following exemptions:

BSc in Actuarial Science and Mathematics

Core Technical (CT) 1,2,3,4,5,6 and 7

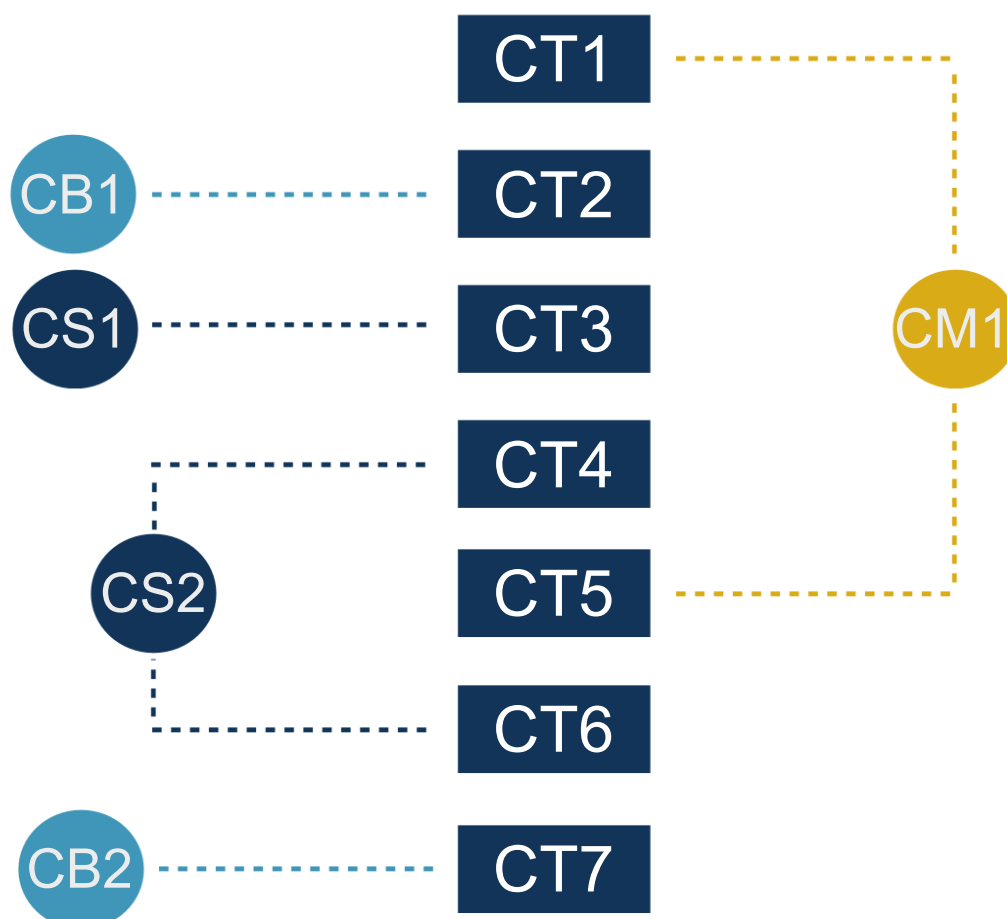

MSc in Actuarial Science

Core Technical (CT) 3,4,6 and 8

Transferring to the 2019 exam structure

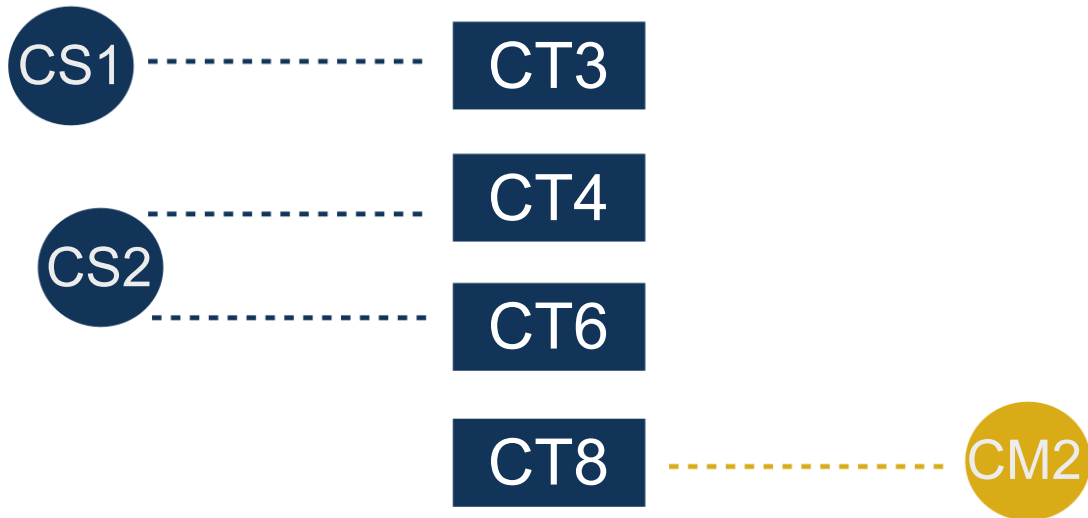

The subjects that can be obtained through exemption via the above courses from the University of Manchester transfer over to the 2019 exam structure as follows:

For the BSc in Actuarial Science and Mathematics:

Transferring to the 2019 exam structure

For the MSc in Actuarial Science:

For exemptions from exams in the new curriculum, students must have been granted an exemption from the applicable subject in the current curriculum by 01 February 2019.

(This does not apply to those universities where an agreement is in place with the IFoA for students still to complete their degree programme).
