

MATH10222 Midterm test

When: Tuesday, March 13th 2007 (week 7), 12 noon.

How long: The test will last 50 minutes. Please get there in time!

Where: Renold C016

Relevant material: Everything up to Example Sheet 4.

What's provided: Exam booklets provided, bring your own pens. It's a closed-book exam – i.e. no notes, books, etc. are allowed.

Pocket calculators: Yes (but why?!), as long as they can't store text.

General advice: (applicable to all exams)

1. Read the question.
2. Read (and follow!) any hints
3. If you're stuck, move on to the next question.
