

MANCHESTER
1824

The University of Manchester

International Workshop on Geothermal Energy

Manchester June 19, 2018

Invited Speakers:

Prof Dr Mike Celia (Princeton University)

Prof Dr Rainer Helmig (Stuttgart University)

Dr Denis Voskov (Delft University of Technology)

Prof Dr Günter Zimmermann (Helmholtz Centre Potsdam)

Organisers:

Dr Vahid J Niasar

Dr Masoud Babaei

Information and registration:

Dr Masoud Babaei

masoud.babaei@manchester.ac.uk

Prof Mike Celia

Princeton University

**Geological Storage of Carbon Dioxide:
Opportunities for Large-scale
Implementation**

Prof Rainer Helmig

Stuttgart University

**Multi-physics models accounting for
subsurface energy storage**

Dr Denis Voskov

Delft University of Technology

**Efficient and robust forward simulation of
complex geothermal processes**

Prof Günter Zimmermann

Helmholtz Centre Potsdam

**Cyclic hydraulic stimulation design to
develop Enhanced Geothermal Systems**
